01. Join our new PAVING THE ARTIST Thematic Group

Cork County PPN is delighted to announce the setting up of our first 'Thematic Group'. These are groups that form around areas of interest (not necessarily specific policy areas, Boards or Committees). Examples of thematic groups may include groups with a particular interest in disability issues, environmental issues, childcare and so on. These thematic groups may come together to develop strategies for the PPN on areas of interest and feed in to relevant local and national policies.

Our first Thematic Group is being formed to look at the 'Paving the Artist' policy and recently published Implementation Plan ([Paving The Artist](#)), [The Arts Council](#), [An Chomharbha Eilision](#) on the fair and equitable remuneration and contracting of artists. Research studies indicate that the working and living conditions of artists remain below acceptable standards. If you are an artist or are a group that hires artists (service provider), you are welcome to bring your perspectives to our thematic group, learn how it may affect you and your community group and how service providers can develop the capacity to comply with emerging policy. If you are interested please contact us on ppn@corkcoco.ie or call 0214 28 5340.

02. PPN Training

We have designed a new training series dedicated to building your capacity to access funding and grants. Please click on the link below to see the recording and slides:

04. PPN Linkage Groups

We are delighted to announce the setting up of our linkage groups. Linkage groups are an essential layer of the PPN. They link our Representatives up with our Members. They facilitate input from members into council committees via the Representatives. Put simply, they give Representatives an mandate from our members. Without linkage groups, Representatives won't have the connection to members and might not know how to best represent them. So they really are the link that holds everything together. They will be steered by our Representatives and meet quarterly (online).

We would like to invite our members to join one or more of the following 5 linkage groups:

- Community Safety, Crime and Policing
- Social Inclusion, Rural Development, Youth and Enterprise
- Environment, Climate Change and Biodiversity
- Housing, Planning and Transport
- Arts, Tourism, Heritage and Sports

If you do wish to join please email ppn@corkcoco.ie or call 0214 285340. To find out more about our linkage groups check out our website [Linkage Groups - Cork County PPN](#)

02. Part 8 Proposed Gallanes Amenity Area Phase 2, Gallanes, Templebryan South and Grilagh, Clonakilty, Co. Cork

Notice is hereby given, pursuant to the provisions of Part XI of the Planning & Development Act, 2000 (as amended) and in accordance with the requirements of Part 8, Article 81 and Article 83 of the Planning & Development Regulations, 2001 (as amended) that Cork County Council proposes to undertake the following development: Part 8 Planning at Gallanes Amenity Area (Phase 2).

- To develop an existing amenity area which incorporates the Joe Walsh Walkway to link it with the existing pathways within the West Cork Technology Park. The project also provides for the creation of a walkway along the N71 in the event of the pathways within the West Cork Technology Park being unavailable.
- The installation of public lighting using low spillage LED lights along the route at a medium height level. The provision of high-level LED lighting where the walkway crosses public roads.
- The development of a 63-space carpark at the southwestern corner of the Clonakilty Rugby Grounds. Public lighting using low spillage lights to be provided to the carpark.
- The development of an amenity area towards the east of the existing amenity area.
- The demolition of the existing dwelling house (in ruins) and adjoining outhouses (in ruins) at the North end of the site.
- The construction of low-level feature stone walls along the stone reclaimed from the demolition of the buildings on the site.
- The development of hard surface hiking trails from the east of the site towards the North of the site to a number of viewing points at a higher level.

03. A public consultation on a new public library strategy has just been launched by the Minister for Rural and Community Development, Heather Humphreys T.D. This is an ambitious plan to develop public library services over the next five years. We want to understand people's attitudes towards the public library service and also get their feedback on how services can be improved in terms of access, use and visibility of the public library. The consultation will assist in the development of a new Public Library Strategy which will be published next year. Have your say on the new strategy by filling out the survey at [Link](#).

Closing date is 9 July 2022.

If you wish to submit a hard copy response, please request a printed version at your local library or contact the Libraries Development Unit in the Local Government Management Agency at librariesdevelopment@lma.ie or by phone at 01 6332211. Completed forms in hard copy can be returned to your local library, or posted to:

This Weeks News

01. Well done to Cosh who came second in the Public Choice Award went to Cosh Public Realm Urban Design Plan project in Cork, designed by Cork County Council, Capital Projects Department. This fabulous project demonstrates the importance of community engagement in how we redesign our cities and towns as place for people. [Link](#)

02. Farmers4Safety and AgriKids are teaming up to bring you a farm safety sticker competition. **Sticker 2 Safety**: The competition, launched today Thursday the 19th of May, calls on Ireland's Communities (Schools, Farmers, Community Groups etc.) to get stuck in and help create a safer future on our farms by designing a window sticker that will be printed and promoted nationwide.

We will provide a template for you to design a sticker on any farm safety theme. The theme is up to you! It could be about quads, PTO's, slurry, animals, vehicles or the importance of farmer's/farm families looking after their mental and physical health. With the design we want to give you the freedom to think outside the box and come up with innovative ideas and create a design that highlights farm safety, health and wellbeing.

Along with the design we want you to write a short note (150 words max.) about why you chose to participate in the competition and the importance of Safety, Health and Wellbeing on Farms and what it means to you.

If you want to find out more details about the competition [click here](#) or visit our website www.farmers4safety.ie or www.agrikids.ie or you can email us on naahp@farmers4safety.ie.

07. National Age Friendly Recognition and Achievement Awards 2022

With live events cancelled all around the world during the Covid pandemic, we are thrilled to announce that the National Age Friendly Recognition and Achievement Awards are back and we are looking forward to our first live awards event since 2019. Each year a local authority hosts the awards and we are delighted that Clare County Council are hosting the National Awards for 2022 on 27th October in Dromoland Castle, County Clare.

The primary aim of these awards is to recognise and reward achievement in age friendly initiatives around Ireland. We are calling for organisations, individuals or communities who have a structured but supportive conversation in a safe and non-judgemental space. It allows an individual to discuss how they are coping or not coping, and working together, the individual working with the Buddy discuss (or practice) ways of moving forward to overcome the challenges. During our Community Buddy training, participants will be educated on how stress and mental health problems can affect individuals. They will be instructed in the skills of active listening. They will be trained in the use of a structured interview schedule to ascertain whether individuals might be experiencing significant levels of distress and how to practically manage distressed individuals. Further more, they will be trained to assist individuals to take positive resilience enhancing actions, such as positive coping. They will be trained on how to recognise more complex symptoms requiring professional interventions. They will develop skills based on the principal of motivational mentoring to encourage individuals to speak with a healthcare professional where necessary.

13. The Minister of State for Mental Health and Older People, Mary Butler, today launched a public consultation on draft regulations for Home Support Services providers. These regulations set out the minimum requirements to be met by public, private and non-profit providers, to obtain a licence and operate in the home support services. The purpose of the licensing system will be to ensure that high quality home support services are provided, as well as protecting service users. [Link](#)

14. The EPA's Stop Food Waste programme is the national food waste prevention campaign, providing guidance and resources to help people reduce their food waste. During June and July, our aim is to make people aware that knowing what meals you're going to eat can save money, time and help you feel more organised. As well as avoiding food waste! The simple steps we want people to take are thinking ahead about the meals you want over the coming days and being a smarter shopper.
