Co-funded by
the European Union

MAP Ireland

Within the context of “Migrant Apprenticeship Pathways” Programme, IRD Duhallo in coordination and partnership with Ballyhoura Development, works to support migrants living in Ireland to access apprenticeship and vocational training opportunities.

“The project is co-funded by the Government of Ireland and the European Union.”

Our Mission

MAP Ireland aims to empower migrants through:

- Access to apprenticeship opportunities.
- Skills and capacity development.
- Meaningful employment pathways.
- Promoting inclusion, equality and community integration in Ireland.
- Building confidence and independence.

What Do We Offer?

Support for Migrants:

Participants will be supported through our integration team to deliver the following services:

- Apprenticeship guidance.
- One to one mentoring.
- Language and communication support.
- Digital skills development.
- CV preparation and interview support.
- Workplace training.
- Sector specific training and career awareness.

Support for Employers:

Ensure a connection with employers to:

- Support inclusive recruitment and information of the apprenticeships process.
- Promote retention and progression of migrant employees.
- Strengthen inclusion in the rural labour market.
